

SharpCFO and CoVid-19

To Our Valued Partners and Clients-

It's a time of uncertainty in the world today, and we know that in the past this has never happened- an unprecedented move to shut down bars and restaurants, social distancing, and corporations scrambling to work from home.

We know that change is hard, but we as a society have to adapt; including us, as your trusted CFO.

Therefore, over the next eight weeks during the CDC recommended distancing period:

- 1. We are available to you, and anyone you know, for advice on cash flow management. This is regardless of your business' size, location, or industry.**
- 2. We are available to you, and anyone you know, who may have trouble thinking about the future and need a sounding board for future planning in your business- because when we come out of this, we all need a plan.**
- 3. We are available to you, and anyone you know, for collaborative insights into how to manage your business right now, because we're all in the same boat- and can help provide leadership together.**

The best defense is a strong offense- clean and sanitize, wash your hands, and be smart.

Ways we can talk without meeting at a restaurant, office, or potentially hazardous area:

1. Phone Call
2. Video Call
3. Meet at a park with carry out lunch from our favorite restaurant
